

POSITIONS VACANT

DIRECTOR CLINICAL SERVICES

An exciting opportunity is available to work as part of the Apunipima Cape York Health Council senior executive team, as our Director Clinical Services. This integral role will work collaboratively with the executive team to provide clinical leadership within the organisation, particularly in the area of clinical governance, supporting the delivery of comprehensive primary health care services to the community of Cape York.

The key responsibilities for the role include, but are not limited to:

- The development, coordination, implementation and evaluation of all clinical governance and risk management systems and policies within the organisation
- Working within the executive team to ensure effective planning, implementation and evaluation processes support the delivery of evidence based, best practice medical services, in line with community health plans and contractual obligations
- Development and maintenance of effective collaborative partnerships and strategic alliances with key external stakeholders, including Cape wide clinical governance collaborations
- Provide support to the development and implementation of model of care/care pathways, assisting with the development of relevant frameworks and evaluation tools
- Oversee high quality evidence based care delivery and activities of medical staff to ensure optimal patient outcomes

This is a unique and rewarding opportunity to effectively work towards positive health outcomes and make a difference to the lives of the people of Cape York. An attractive salary (including generous salary sacrifice options), a great team environment, supportive networks and diverse roles will make this an appealing position for the right candidate.

How do I apply?

To apply for this role please visit our web site www.apunipima.org.au/work-for-us Please note: applicants will be required to address selection criteria as part of the application process for this position.
