

*The Remote Primary Health Care Manuals review process is now under way.*

*Monthly updates provided to health services and other organisations will keep you up-to-date as we move through the review process.*

**New editions  
scheduled for  
publication  
late 2022**

### What's New

**New Acute Assessment Protocols** are being developed to guide practitioners to assess emergencies and guide differential diagnoses. Contact our team to comment on these.

### Coming up next
