

Remote Primary Health Care Manuals

Project Update

April 2021

The Remote Primary Health Care Manuals are currently being reviewed and updated.

Monthly updates provided to health services and other organisations will keep you up-to-date as we move through the review process.

What's New

Various procedures have now been endorsed by the Editorial Committee. Contact our project team for more information.

Procedures endorsed by Editorial Committee

- *Collecting blood samples and specimens (various pathology procedures)*
- *Chest Procedures*
- *Reducing dislocated or pulled joints*

Coming up next

A number of protocol groups are coming up for endorsement by our Editorial Committee. Some of these have proposed major structural and/or content changes. Contact our project team for more information or to provide input.

Protocol groups coming up for endorsement

- *Respiratory—Adults and children*
- *Anaemia in children*
- *Antenatal / Postnatal Checks*
- *Child health checks*
- *Adult health checks*
