

STAY PHYSICALLY HEALTHY

Let's put looking after our physical health on our to do lists in 2022.

Here are some tips for things you can do to look after yourself:

Get your body moving for 20 minutes. You could:

go for a walk

go for a swim

play a sport

ride a bike

Get a good night's sleep. Try going to bed and getting up at the same times each day

Keep your medical appointments

Eat a well-balanced diet

Drink plenty of water. If you're not used to drinking a lot of water, start with having a cup with breakfast, lunch, and dinner.

HAVE A YARN WITH YOUR HEALTHCARE WORKER ABOUT HOW YOU CAN BE LOOKING AFTER YOUR PHYSICAL HEALTH.
