### What's New

The team recently attended the National Rural Health Conference in Brisbane to promote the upcoming publication of the new manuals. Look out for our team at the CRANA, RMA and NACCHO conferences. All manuals are now making their way to the publishers for final formatting and editing.

### Coming Soon

**All sales of the Clinical Procedures Manual will stop on Wednesday the 31st of August.**

The team will be meeting with health services and key organisations over the coming months to discuss the changes made to protocols and new content in the latest edition. Please contact us if you would like a change report or to meet with the team.
